NAD+ Restore

The premier IV drip for detoxification and withdrawal symptoms. Our clients have had great success using NAD+ IV therapy to minimize withdrawal symptoms and reduce or eliminate cravings related to alcohol and drug detox. By repairing DNA and proper function to pathways in the brain, **NAD+** can help bring brain chemicals and functions back into healthy balance.

NAD+ Restore also includes a blend of supportive supplements. **Vitamin C** is added for its function as a powerful antioxidant and immunity booster. **Magnesium** relaxes muscles, helps relieve stress and soothes headaches. **B Complex** replaces essential vitamins lost due to alcohol and drug use, as well as boosts energy. **Taurine** reduces inflammation and can help lower blood pressure. **Glutathione** is known as the body's master antioxidant and is essential for liver detoxification.

Purify

Purify is great choice for those looking for detoxification, anti-aging and brain health. It includes a booster dose of **NAD+**, which plays an essential role in cell health, DNA repair, tissue repair & cognitive function, making it invaluable for detox and anti-aging. **Vitamin C** is added for its function as a powerful antioxidant and immunity booster. **Magnesium** relaxes muscles, helps relieve stress and soothes headaches. **Glutathione** is known as the body's master antioxidant and is essential for liver detoxification.

Revive

Revive includes our 6 most popular supplements that work together to replenish and restore your body - perfect as a boost during cold & flu season, or to support recovery from a virus or infection! **Vitamin C** is added for its function as a powerful antioxidant. **Magnesium** relaxes muscles, helps relieve stress and soothes headaches. **B Complex & B12 MIC** help to boost brain health and energy. **Zinc** helps boost immunity and balance hormones. **Glutathione** is known as the body's master antioxidant and is essential for liver detoxification.

Reboot

Reboot is ideal for gentle detoxification and maintenance and helps to replenish B vitamins that are depleted from poor diet, alcohol or drug use (including antidepressants, antacids and antibiotics), and poor absorption. **B Complex & B12 MIC** are essential for many of the body's processes, including brain health and building energy. **Glutathione** is known as the body's master antioxidant and is essential for liver detoxification, helping to safely shuttle toxins out of the body.

Refresh

Refresh is the perfect option for a quick boost of fluids and energy, or to reset your system from working in the sun, athletic activity, or illness - which all deplete magnesium levels. **Vitamin C** is added for its role as a powerful antioxidant, immunity builder and energy booster. We add **Magnesium** to rebalance mineral and electrolyte levels, relax muscles, relieve stress and soothe headaches.
